The use of each particular service shall also be governed by separate terms and conditions scheduled to these Master Terms (each a "**Schedule**"). Therefore Our agreement with You incorporates the terms and conditions set out in:

- any agreement in respect of a Licence;
- Your registration form in respect of a Service ("**Service Registration Form**");
- the relevant Schedule(s);
- the applicable version of the Master Terms;
- and

("Customer Agreement").

If there is any conflict or ambiguity between the terms of the documents listed above, a term contained in a document higher in the list shall have priority over one contained in a document lower in the list.

The definitions used in a Schedule shall have the same meaning where used in these Master Terms. In these Master Terms, 'Search' shall mean a 'Lawyer Checker (Account and Entity Screen)' Search and/or a 'Consumer Bank Account Checker' Search and or a 'ThirdFort' Search.

2. ACCEPTANCE AND CHANGES

By clicking the "Submit" button when you submit Your registration form, You agree to the Customer Agreement. You acknowledge and agree that We may at any time in Our discretion:

- modify or discontinue access to a Service; and/or
- change these Master Terms or a Schedule, by uploading a revised version on the Website, following which Your continued use of the Website and/or the Services constitutes Your acceptance of the revised version of the Master Terms and/or Schedule.

You are advised to visit the Website regularly and review the latest version of the Master Terms and the Schedules. These Master Terms were last updated on 30 March 2023. We will also email You the current version of the Master Terms and the relevant Schedule each time that We email You with the results of Your search, this may include by way of an internet link.

3. YOUR USE OF THE WEBSITE AND SERVICES

Registration

In order to use the Services You must register on the Website. To register, You will be asked to submit certain information about You and a key contact within Your organisation. By clicking on the 'Submit' button to submit Your registration form You accept the Customer Agreement.

Checks that We will carry out

When We receive Your registration form We will check the information that You have supplied to Us against the Our database "Database" and/or publicly available sources to verify that You are a properly licensed and regulated conveyancer or law firm. This may take up to 2 working days.

Once Our checks are successfully completed, We will email Your key contact to let them know the results of Our checks

and, if appropriate, confirm that You may start using a Service. If following Our check We have reasons to believe that You may not be a properly licensed and regulated conveyancer or law firm, We may seek further information and clarifications from You or carry out further searches, and in any event We reserve the right to not make the Service available to You.

Fees and payment

In order to use the Services You must either set up a direct debit, or have agreed separate payment terms with Us (“Licence”). You will be automatically directed to the direct debit mandate page of the Website right after You submit the registration form.

We will invoice You by email at the start of each calendar month on the basis set out in the relevant Schedule and your Service Registration Form or any Licence. There is a minimum monthly charge of £20 plus value added tax for use of the Services regardless of the number of Searches you undertake through the Services (**‘Minimum Fee’**).

We require full payment of Our fees within 10 calendar days. Without prejudice to any other right that We may have, We reserve the right to cease making the Services available to You if We do not receive full payment of Our fees due within 10 calendar days of invoicing You as above.

Authentication and log in

After You have successfully registered and set up Your direct debit, and once We have successfully completed Our checks, We will email to Your key contact, Your user name, password and Your four digit code which You will need in order to be able to log on My Account and use the Service. The first time that You log in You will be asked to change Your password. You are responsible for keeping Your login details confidential and secure and provide them only to Your staff who are authorised to use the Service on Your behalf. You must let Us know immediately if You think that the confidentiality of Your login details may have been compromised. You will be responsible for paying the fees for all searches carried out on Your account with the correct login details.

Using your Account

You may use Account to review Your search history, search updates and Our invoices, as well as in order to manage Your users.

Your key contact will be able to add additional users from Your firm. Each additional user will have their own log in details. Your key contact will have access to all Service results appearing online for Your firm. Your additional users will only be able to see online the results of searches that they have instigated. The Service results will be emailed to Your user who instigated the search. You will ensure that it will be Your key contact's responsibility to remove additional users who leave Your firm or who are otherwise no longer authorised by You to use a Service on Your behalf. It is Your responsibility to inform Us immediately if Your key contact leaves Your firm or is otherwise no longer authorised by You to use the Services on Your behalf and let Us know who is Your new key contact.

Schedule 1 - Lawyer Checker (Account and Entity Screen)

1. SCHEDULE

This is the Schedule which governs Your use of the 'Lawyer Checker (Account and Entity Screen)' service ("**AES Service**", "**AES**") provided by D&D UK on the Website. The definitions used in the Master Terms shall have the same meaning where used in this Schedule. By clicking the "Submit" button when You submit Your Service Registration form, You agree to accept this Schedule.

2. AES SERVICE

The AES Service is intended to help reduce fraud in the conveyancing market by providing You with an additional level of information to help You assess the risk associated with any particular transaction You are undertaking. The AES Service is intended purely to provide You with an additional step in Your efforts to protect against:

- vendor conveyancers or law firms who have been cloned to divert client monies to non-regulated accounts;
- unregulated vendor conveyancers or law firms holding themselves out as regulated entities; and/or
- infiltrators to valid regulated conveyancers or law firms changing requisitions on title to divert client money from valid regulated accounts to other accounts.

To help You achieve this, the AES Service enables You to check the name, sort code and account number for bank accounts held in England and Wales by the vendor's conveyancer or law firm, as well as their postcode and Solicitors Regulation Authority Number or Council for Licensed Conveyancers Number, ("**AES Search**"), if You have them and choose to insert this optional information in our search function against Our Database in order to verify that the AES Search information relates to an existing bank account that according to the Database has been used by other conveyancers or law firms in the past.

3. AES RESULTS

The AES Service will return, by email, one of 3 results:

- a *Frequent* Response means that the AES Service recognises the account number and sort code in the AES Search as valid and that there is in the Database a historic track record of use of this bank account by other conveyancers. However, a Frequent Response is not a statement by the AES Service that this bank account remains valid and safe;
- an *Infrequent* Response means that the AES Service recognises the account number and sort code in the AES Search, but according to the information in the Database the bank account has been used infrequently by other conveyancers, or is relatively new, or only a very small number of other AES searches have been carried out against it. However, an Infrequent Response is not a statement by the AES Service that this bank account is safe or suspicious or invalid or unsafe; or
- an *Unknown* Response means that the account number and sort code are unknown to the AES Service and are not in the Database and that, therefore, We do not have a historic track record of use of this bank account by other conveyancers. However, an Unknown Response is not a statement by the AES Service that this bank account is suspicious or invalid or unsafe.
 ("**AES Results**").

The AES Results tell You purely whether the bank account You are checking is in the Database and, if so, whether according to the information in the Database it has been used frequently. None of the AES Results is a statement by the AES Service that a bank account is valid or safe or suspicious or unsafe and You should not treat them as such.

Any AES Result and the results of any further action that We may take on Your behalf should only form part of Your decision making process, including in particular whether You should further investigate a bank account. An AES Result is not, and You must not treat it as, a definitive finding or opinion that a bank account is or is not valid or safe or suspicious or unsafe.

An AES Result and the results of any further action that We may take on Your behalf must not be built into any process as an automatic decision to transfer or not transfer money to that bank account. Instead, an AES Result must be referred for further consideration as part of Your decision making process whether to further investigate the bank account and whether to transfer the money or not.

You acknowledge and agree that You are solely responsible for any conclusions made or actions taken by You or any third party based solely or in part on one or more AES Results including, without limitation, a decision to investigate further, or to proceed or not to proceed with a payment, or to inform the vendor's conveyancer that Your AES Search produced an Infrequent or Unknown result (which in certain circumstances might amount to tipping off).

4. YOUR USE OF THE AES SERVICE

Fees and payment

In order to use the Service You must either set up a direct debit or have entered into a licence with us in respect of your use of the Service ('Licence'). You will be automatically directed to the direct debit mandate page of the Website right after You submit the registration form. Your Licence terms will be set out in a side letter to this Schedule.

Our fee for each AES Search that You carry out at any given time will be the fee set out in the 'Search' section of the Website plus VAT ("AES Fee"). The AES Fee covers (i) Your initial AES search, (ii) any further action that We may say is available and which You ask Us to take if Your initial search produces an Infrequent or Unknown AES Result (unless We notify You otherwise and You accept any additional charges), and (iii) any secondary AES Search that You may wish to carry out, for instance on the morning of completion.

Individual Purchase

If You choose to pay for AES Searches on an individual basis, subject to the Minimum Fee, We will invoice You by email at the start of each calendar month for the previous month if You carried out one or more AES Searches. We require full payment of Our fees within 10 calendar days.

Annual licence

If You choose to make an advance purchase of a number of AES Searches You shall be entitled to pay for the aggregate AES Fees for such advance purchase in twelve equal monthly instalments. Subject to the Minimum Fee, We will invoice You by email at the start of each calendar month for Your monthly instalment for the previous month. You shall have 12 months from the date of purchase ("Search Year") to use all such AES Searches.

If during the Search Year You use all such AES Searches:-

- We will, subject to Minimum Fee, invoice You for the outstanding monthly payments due in respect of such advance purchase and such invoice shall be due within 10 days of the date of the invoice;
- any further AES Searches You make during the Search Year and thereafter shall, subject to the Minimum Fee, be charged at the rate charged for the individual purchase of AES Searches unless and until You make a further advance purchase of AES Searches;

any additional individually purchased AES Searches ("Excess Search Fee") shall, subject to the Minimum Fee, be calculated and invoiced at the start of the calendar month following the month in which the AES Search was made and such invoice shall be payable within 10 days of the date of the invoice.

Carrying out an AES Search

To use the AES Service, when You receive requisitions on title, simply log in, go to Account, go to Search and enter the mandatory AES Search Information (the sort code and account number of the entity that You wish to check) and any optional AES Search Information that You may have (the company name, SRA/CLC Number and/or postcode of the entity whose bank account You wish to check), and hit the Submit button. By hitting the Submit button You will incur the AES Fee, as specified above.

The AES Results will be emailed to the email address shown next to the Search function, unless You use the Manage Users function to change the email address to which You want Us to email the results of Your search.

5. TERM AND TERMINATION

This Schedule remains in effect from acceptance by You, as set out in Clause 1, until termination by either Us or You on 30 days' notice in writing to the other. This Schedule shall terminate automatically on the termination of the Customer Agreement.

Clause 3 of this Schedule will continue in full force and effect following termination.

Schedule 2 - Consumer Bank Account Checker

1. SCHEDULE

This is the Schedule which governs Your use of the 'Consumer Bank Account Checker' service ("**CBAC**", "**CBAC Service**") provided by D&D UK on the Website. The definitions used in the Master Terms shall have the same meaning where used in this Schedule. By clicking the "Submit" button when You submit Your services registration and CBAC Search, You agree to accept this Schedule.

2. CBAC SERVICE

The CBAC Service is intended to help reduce fraud in the legal market by providing You with an additional level of information to help You assess the risk associated with any particular transaction You are undertaking where funds are being sent to or received from individuals whose current account is held in the United Kingdom. The CBAC Service is intended purely to provide You with an additional step in Your efforts to protect against sending monies to bank accounts which are not held by the individual You believe to be the recipient or sender of the monies.

To help You achieve this, the CBAC Service enables You to check the sort code and account number of a bank account and the name, address and date of birth associated with it ("**CBAC Search**"), if You insert this information in the CBAC Service search function, against Our Database in order to verify that the CBAC Search information relates to an existing bank account held by Your client.

3. CBAC RESULTS

The CBAC Service will return, by email, the following results in relation to the CBAC Search:

1. Account Check
 - a. a *Match* response means that Consumer Bank Account Checker recognises the account number and sort code in the CBAC Search as valid. However, a *Match* response is not a statement by Us that this bank account remains valid and safe;
 - b. an *Unable to Match* response means that the bank account could exist but ownership cannot be confirmed. This means a definitive response cannot be given. It may be because the bank account holder is subject to old terms and conditions with their bank and therefore we do not have consent to receive information on this particular account from the bank due to its age. However, an *Unable to Match* response is not a statement by Us that this bank account is safe or suspicious or invalid or unsafe; or
 - c. a *No Match* response means that the account number and sort code are not recognised. This may be due to incorrect details being searched or the bank account may not be valid. However, a *No Match* response is not a statement by Us that this bank account is suspicious or invalid or unsafe;
2. Account Ownership
 - a. A Match response means that the ownership type you entered matches the information associated with the account.
 - b. A No Match response means that the ownership type you entered does not match the information associated with the account.
3. A Personal Details Score which shows how well the name and date of birth searched matches the information associated with the account. The match shall be measured by a score between 1 and 9, with 9 being the higher likelihood.
4. An Address Score which shows how well the address searched matches the information associated with the account. The match shall be measured by a score between 1 and 9, with 9 being the higher likelihood.

(together and individually the "**CBAC Results**"). None of the CBAC Results is a statement by Us that a bank account is valid or safe or suspicious or unsafe and You should not treat them as such.

Any CBAC Result and the results of any further action that We may take on Your behalf should only form part of Your decision making process, including in particular whether You should further investigate a bank account. A CBAC Result is not, and You must not treat it as, a definitive finding or opinion that a bank account is or is not valid or safe or suspicious or unsafe.

A CBAC Result and the results of any further action that We may take on Your behalf must not be built into any process

as an automatic decision to transfer or not transfer money to that bank account. Instead, a CBAC Result must be referred for further consideration as part of Your decision making process whether to further investigate the bank account and whether to transfer the money or not.

You acknowledge and agree that You are solely responsible for any conclusions made or actions taken by You or any third party based solely or in part on one or more CBAC Results including, without limitation, a decision to investigate further, or to proceed or not to proceed with a payment, or to inform the individual of the result that Your CBAC Search produced (which in certain circumstances might amount to tipping off).

4. YOUR USE OF THE CBAC SERVICE

Fees and payment

In order to use the Service You must set up a direct debit. You will be automatically directed to the direct debit mandate page of the Website right after You submit the registration form.

Our fee for each CBAC Search that You carry out at any given time will be the fee set out in the 'Search' section of the Website plus VAT and will be determined by the number of CBAC Searches You purchase in advance ("**CBAC Fee**").

Individual Purchase

If You choose to pay for CBAC Searches on an individual basis We will invoice You by email at the start of each calendar month for the previous month if You carried out one or more CBAC searches. We require full payment of Our fees within 10 calendar days.

Annual licence

If You choose to make an advance purchase of a number of CBAC Searches You shall be entitled to pay for the aggregate CBAC Fees for such advance purchase in twelve equal monthly instalments. We will invoice You by email at the start of each calendar month for Your monthly instalment for the previous month. You shall have 12 months from the date of purchase ("Search Year") to use all such CBAC Searches.

If during the Search Year You use all such CBAC Searches:-

- We will invoice You for the outstanding monthly payments due in respect of such advance purchase and such invoice shall be due within 10 days of the date of the invoice;
- any further CBAC Searches You make during the Search Year and thereafter shall be charged at the rate charged for the individual purchase of CBAC Searches unless and until You make a further advance purchase of CBAC Searches;
- any additional individually purchased CBAC Searches ("**Excess Search Fee**") shall be calculated and invoiced at the start of the calendar month following the month in which the CBAC Search was made and such invoice shall be payable within 10 days of the date of the invoice.

If We terminate this Schedule during a Search Year:-

- (a) under the Master Terms We shall immediately invoice You for an amount equal to the outstanding monthly instalments and any Excess Search Fees;
- (b) Under Clause 5(a) You shall not be obliged to pay any remaining monthly instalments. We shall calculate the number of CBAC Searches which is proportionate to the expired part of the Search Year and multiply it by Your CBAC Search Fee for that Search Year. If the aggregate monthly instalments You have paid at termination exceeds the proportionate aggregate CBAC Search Fees we shall refund the excess to You. If the aggregate monthly instalments You have paid at termination is less than the proportionate aggregate CBAC Search Fees we shall invoice You for the shortfall and You shall immediately settle such invoice in full.

If You terminate this Schedule under Clause 5(a) during a Search Year We shall invoice You for an amount equal to the outstanding monthly instalments and any Excess Search Fees.

Carrying out an CBAC Search

To use the CBAC Service, simply log in, go to Account, go to Search and enter the CBAC Search information (the sort code and account number of a bank account and the name, address and date of birth associated with it of the bank account that You wish to check) and hit the Submit button. By hitting the Submit button You will incur the CBAC Fee, as specified above.

The CBAC Results will be emailed to the email address shown next to the Search function.

5. TERM AND TERMINATION

This Schedule remains in effect from acceptance by You, as set out in Clause 1, until termination by:

- (a) either Us or You on 30 days' notice in writing to the other; or
- (b) it terminates automatically on the termination of the Customer Agreement.

Clause 3 of this Schedule will continue in full force and effect following termination.

Schedule 3 – THIRDFORT

1. SCHEDULE

This is the Schedule which governs Your use of the 'ThirdFort' service ("**ThirdFort**", "**ThirdFort Service**") provided by D&D UK on the Website. The definitions used in the Master Terms shall have the same meaning where used in this Schedule. By clicking the "Submit" button when You submit Your service registration and ThirdFort Search, You agree to accept this Schedule.

2. USING THE THIRDFORT SERVICE

The ThirdFort Service performs a digital ID scan and open banking technology to generate an instant ID check against a client based in the United Kingdom before any particular transaction. The ThirdFort Service is intended purely to provide You with an additional step in Your efforts to identify a client.

To help You achieve this, the ThirdFort Service enables you to digitally confirm a client's identity via a mobile app. The ThirdFort Service requires your client's name and telephone number which gives your client access to the mobile app to fill in their personal information and add documentation for the legal checks ("**ThirdFort Search**").

3. THIRDFORT RESULTS

Once your customer has filled in their details on the app and it is complete, you will receive the results in relation to the ThirdFort Search by way of pdf directly from the ThirdFort Service. The results will consist of a 'pass' or 'fail' in the following areas: document report (data consistency, data comparison, compromised document), facial similarity (face comparison, image integrity and visual authenticity), and electronic identity (data sources, data quality score and peps and sanctions), together with copies of the client's documentation, an appendix stating anything additional that has been flagged in the course of the ThirdFort Search (individually and collectively the "**ThirdFort Results**").

None of the ThirdFort Results is a statement by Us that the client or the transaction is valid or safe or suspicious or unsafe and You should not treat them as such.

Any ThirdFort Result and the results of any further action that We may take on Your behalf should only form part of Your decision making process, including in particular whether You should further investigate a bank account. A ThirdFort Result is not, and You must not treat it as, a definitive finding or opinion that a bank account is or is not valid or safe or suspicious or unsafe.

A ThirdFort Result and the results of any further action that We may take on Your behalf must not be built into any process as an automatic decision to transfer or not transfer money to that bank account. Instead, a ThirdFort Result must be referred for further consideration as part of Your decision making process whether to further investigate the the client and/or the transaction and whether to accept the money or not.

You acknowledge and agree that You are solely responsible for any conclusions made or actions taken by You or any third party based solely or in part on one or more ThirdFort Results including, without limitation, a decision to investigate further, or to proceed or not to proceed with the transaction, or to inform the individual of the result that Your ThirdFort Search produced (which in certain circumstances might amount to tipping off).
